tiwarirashi22@gmail.com | **LinkedIn** | **GitHub** | **Portfolio**

Experienced software developer with a passion for creating dynamic and responsive web applications. Proficient in various front-end and back-end technologies, including React JS, Angular, JavaScript, Python, NodeJS, and more. Skilled in content management systems like Sitecore and Kentico Kontent. Experienced in cloud-based concepts such as Azure and Docker. Strong problem-solving and analytical skills. Committed to delivering high-quality software solutions and continuously improving development processes.

EXPERIENCE

Infosys Limited, India   **Feb 2019 – Apr 2022**
Senior System Engineer

- Delivered diverse web projects in React.js, Angular, JavaScript, HTML, CSS, Kentico Kontent, and Sitecore.
- Pioneered a custom date-picker component in JavaScript for enhanced user experiences.
- Designed visually appealing interfaces for optimal user experiences on various devices.
- Collaborated seamlessly with cross-functional teams for on-time and within-budget project delivery.
- Used Jira for efficient issue tracking and Git-bash for streamlined version control.
- Managed databases using SQL Server Management Studio and Oracle, ensuring data integrity.
- Proactively stayed updated on web development trends, incorporating cutting-edge solutions.
- Demonstrated strong problem-solving skills for diagnosing and troubleshooting technical issues.

Viral Nation – Toronto, Canada   **Sep 2023 – Dec 2023**
Software Engineer Intern

- Developed React Native iOS applications and contributed to web projects using React and TypeScript.
- Led the creation of a mobile app in React Native, ensuring a smooth user interface.

- Utilized React, GraphQL, and Prisma for web development, enhancing data management and integration.
- Implemented Mixpanel and Leanplum for user tracking and engagement analysis.
- Created GraphQL APIs with PostgreSQL and Prisma for backend functionality. Integrated backend APIs into the frontend for optimized data flow and application performance.
- Implemented UI/UX elements using Figma designs for consistency.   Managed project workflows on GitHub and ClickUp for organized and collaborative development.

CERTIFICATIONS

- **Infosys certified Angular Developer.**
- **Infosys certified Agile Developer.**

SKILLS

- **Front-end:** React JS, React Native, Angular, TypeScript, JavaScript, HTML5, CSS, SCSS.
- **Back-end**: Python, NodeJS, C#, C, C++, .Net, Express, Java, GraphQL, Rest API.
- **Content Management:** Sitecore, Kentico Kontent.
- **Cloud:** Azure, Docker.
- **Databases:** SQL, MySQL, PL/SQL, MongoDB, PostgreSQL.
- **Tools:** Git/GitHub, JIRA (for issue tracking), ClickUp, MixPanel, Leanplum.
- **Platforms:** Visual Studio, VSCode, PowerShell, Eclipse, PyCharm, OracleDB, SQL Server Management Studio.
- **Project Management:** Basics of project management principles and methodologies.
- **Communication:** Excellent written and verbal communication.
- **Problem-Solving:** Troubleshooting, issue resolution, comprehensive testing.
- **Organizational:** Task prioritization, meeting deadlines, efficient resource allocation.
- **UI/UX:** Creating intuitive and visually appealing user interfaces.
- **Agile Methodologies:** Familiarity with Agile methodologies, such as Scrum.

EDUCATION

Post Graduate Diploma Certificate in Computer Software and Database Development

Lambton College in Toronto   **May 2022 – Dec 2023**

Bachelor of Technology in Computer Science and Engineering

 B.B.D.N.I.I.T. , India   **Aug 2013 – Jun 2017**
