Rashi Tiwari

North York, ON – (647) 671-1601 – tiwarirashi22@gmail.com

LinkedIn: https://www.linkedin.com/in/rashi-tiwari-web-developer/

Experienced software developer with a passion for creating dynamic and responsive web applications. Proficient in various front-end and back-end technologies, including React JS, Angular, JavaScript, Python, NodeJS, and more. Skilled in content management systems like Sitecore and Kentico Kontent. Experienced in cloud-based concepts such as Azure and Docker. Strong problem-solving and analytical skills. Committed to delivering high-quality software solutions and continuously improving development processes.

EXPERIENCE

Infosys Limited, India - Senior System Engineer

Feb 2019 – Apr 2022

- **Web Application Development:**
  - Successfully delivered diverse web projects for clients across multiple industries, showcasing expertise in React.js, Angular, JavaScript, HTML, CSS, Kentico Kontent, and Sitecore.
  - Pioneered the creation of a custom date-picker component using JavaScript, enhancing date-selection capabilities and significantly improving the overall user experience.
  - Designed and implemented visually appealing and user-friendly interfaces, ensuring optimal user experiences on various devices and screen sizes.
- **Effective Collaboration and Project Management:**
  - Collaborated seamlessly with cross-functional teams, including designers, developers, and project managers, to consistently deliver projects on time and within budget.
  - Utilized Jira for efficient issue tracking and resolution, ensuring a smooth development workflow and delivering high-quality software.
  - Employed Git-bash for version control, resulting in a coherent codebase and streamlined teamwork.
- **Database Management and Optimization:**
  - Utilized SQL Server Management Studio and Oracle for efficient database management, maintenance, and querying tasks, ensuring data integrity, retrieval, and manipulation for web applications.
  - Implemented SQL to interact with databases effectively, optimizing database performance for web applications.

- **Continuous Learning and Innovation:**

- o Proactively kept abreast of the latest web development trends and best practices, incorporating cutting-edge solutions into projects.
- o Demonstrated strong problem-solving skills in diagnosing and troubleshooting complex technical issues, ensuring smooth project execution.

CERTIFICATIONS

- Infosys certified Angular Developer
- Infosys certified Agile Developer

SKILLS

Front-end: React JS (Hooks and Redux), Angular, TypeScript, JavaScript, HTML5, CSS

Back-end: Python, NodeJS, C#, C, C++, .Net, Express, Java (Object-Oriented Programming)

Content Management: Sitecore, Kentico Kontent

Cloud: Azure, Docker Databases: SQL, MySQL, PL/SQL, MongoDB

Tools: Git/GitHub, JIRA (for issue tracking)

Project Management: Basics of project management principles and methodologies

Communication: Excellent written and verbal communication

Problem-Solving: Troubleshooting, issue resolution, comprehensive testing

Organizational: Task prioritization, meeting deadlines, efficient resource allocation

UI/UX: Creating intuitive and visually appealing user interfaces.

Development: Developing robust and scalable, and responsive web applications

Agile Methodologies: Familiarity with Agile methodologies, such as Scrum

EDUCATION

Post Graduate Diploma Certificate in Computer Software and Database Development

Lambton College in Toronto

May 2022 – Jan 2024

Bachelor of Technology in Computer Science and Engineering

 B.B.D.N.I.I.T. , India

Aug 2013 – Jun 2017
